

January 10, 2026: On Continuing Use of Staged Police Settings to Indicate that My Arrest is 'Olmos' Here

Today, I am writing to factually record that Donald Trump's treasonous team is not only using weapons of war against his political targets inside of the USA, but he is also abusing police assets to set up 'signs' and signals to his targets that indicate we will be arrested for opposing his treasonous way of abusing his presidential powers.

Donald, and the dirty law enforcement that are being controlled by him:

I am unarmed, there will be no need to raid my home with (more) sound weapons and military force.

I am a man that spoke truth to the weakest minds of 'power' that our world has seen in generations.

Donald Trump: YOU ARE A PIECE OF SHIT LOSER THAT REQUESTED MY HELP AND NOW IS TARGETING MY HOME WITH CONSTANT AGGRESSION!

If that makes me a criminal in modern America, then so be it.

Come and get my computers and begin to mark exhibits 1 - 2 Million.

I will be offering your treasonous antics as my defense of "Entrapment by Official Oppression."

You will not need to kill me as if I were another victim of ICE.

You will not need to harm my family or anyone else in my neighborhood.

I believe in the way of justice - although I do not believe we have courts of law that will provide it.

I live and die by my values - not your lethal swords and machine guns.
